Short description:

RS11, is a hybrid that Deo Farms made by crossing the OZ Kush with a Sunset Sherbet. RS-11 is more relaxing than energizing. Consumers who have smoked this strain report feeling calm, and sedated, but still mentally alert. The flavor profile is extra fruity with hints of sour citrus. RS11 flower provides a smooth smoke and a lingering sweet and spicy aroma. Medical marijuana patients say they smoke this strain when experiencing mild pain.

Short description:

LA Kush Cake, also known as "Los Angeles Kush Cake" and "LA Kush Cake #11," is a hybrid marijuana strain. LA Kush Cake is an indica-dominant strain that smells like vanilla and has an earthy peppermint taste. This is a beautiful flower, with green and purple buds covered in frosty trichomes. It's great for relaxing and medical use.

Short description:

Forbidden Fruit is an indica-dominant cannabis strain bred from Cherry Pie and Tangie. Her average THC concentration is very high, reaching between 21–23% depending on the phenotype and how she was grown. Forbidden Fruit develops thick and super resinous flowers, typical of a high-quality indica. Her aroma is fruit-dominated, and her effects combine a fast mental euphoria and long-lasting, deep physical sedation.

Short description:

Kush Sorbet by Seed Junky Genetics was bred as a cross between Sunset Sherbet and Triangle Kush Bx3. It's slightly Indica-dominant (60/40) and has a fantastic flavor as it settles into your mind first and your body next, spreading like fruit-flavored wildfire. The strain is well-known for its effects on spasms, pain, and stress.

Short description:

A cross between SFV OG and Chem D, MotorBreath is making a lot of waves in the medical cannabis industry right now and has become an Ohio patient favorite. Named for its extremely pungent gassy flavor and smell, this strain produces flavorful notes of fuel, earth, and citrus. MotorBreath is an OG's OG and is not recommended for new medical patients.

Short description:

A hybrid of Girl Scout Cookies x Pink Panties, Sunset Sherbert forms large, dense flowers that are completely coated with a thick layer of aromatic trichomes. Its fragrance combines citrus notes on a sweet and earthy background, while its effect is joyful and euphoric at the cerebral level, while being physically relaxing.
